

Let's have a look ...

outside
processes · products

the box
coaching · improving

I offer you my experience and knowledge
for the further development of your company!

Every day your company

goes through many proven processes in product development,
pricing, sales and communication..

- Are you looking for new markets for your product?
- Do you doubt whether the selling price of your product is the right one?
- Are you thinking about new products and need support?
- Would you like to strengthen your team and make it fit for the future?

These are all questions that are even more important in today's world
than in the past.

Face the fast changing requirements of the market, develop your
product further, open up new markets..

Look beyond one's own backyard – *outside the box!*

I will support you in all these activities.

In doing so, I have sales experience of more than 20 years in the automotive industry,
a worldwide functioning network and methods, among others as an agile sales
coach in my – in our – „toolbox“.
